"Journey to the Land of the New Gurus", originally known in French as "Voyage Au Pays Des Nouveaux Gourous".

This is a French documentary with English sub-titles. Due to the need to have legible captions, this video has been encoded at a higher rate. If you have a slow internet connection, a transcript of the documentary is available.

Hint: If you would rather download the original AVI file of the video for local viewing, you can use this software (170k) and access a bit-torrent download.
